

5 Tons Small Scale Mineral Gold Mining Flotation Machine Processing Plant

Our Product Introduction

for more products please visit us on mining-crushermachine.com

Basic Information

- Place of Origin: Henan
- Brand Name: ASCEND
- Certification: CO
- Model Number: SFO.37 SF0.7 SF1.0 SF1.2 SF2.0 SF2.8 SF4.0 SF8.0
- Minimum Order Quantity: 1 piece
- Price: 3999-4999 USD /piece
- Packaging Details: wooden case packing
- Payment Terms: Western Union, L/C, T/T
- Supply Ability: 10 pieces per month

Product Specification

- Application: Mining
- Capacity: Customized
- Material: Metal ,ores
- Name: Mining Crusher Machine
- Power: Customized
- Size: Customized
- Type: Beneficiation Machine
- Voltage: 380v
- Warranty: 1 Year
- Weight: Customized
- Highlight: Small Scale Mineral Flotation Machine, Mineral Flotation Processing Plant, Gold Mining Flotation Processing Plant

Product Description

Product Introduction

Flotation machine is the equipment to complete the flotation process, which is also called flotation cell. It is widely used for the rough, fine and reverse flotation operations of copper, lead, zinc, nickel, molybdenum and other non-ferrous metal, ferrous metal and nonmetal minerals. The types of flotation machine mainly include mechanical agitation flotation machine and froth agitation flotation machine.

flotation (5)_.png

Working principle

This machine belongs to deep tank type flotation cell, equipped with blower for air supply. The flotation cell has U-shaped tank, reducing the slurry sediment to the least, reasonable support structure of the tank, large space between the support, even air dispersion, stable foam in good suspension. The design of impeller structure and the flow channel between impeller blades is reasonable, so that the impellers can be even wore and stator has long service life. JPF is equipped with simple air distributor, easy installation, good air distribution.

--zw.png

Application

Application: Metal ore such as gold, silver, copper, Lead (Pb), Zinc (Zn), Tin, Nickel (Ni) and so on, non-metal mineral, raw body and materials of chemical industry.

.jpg

Features

1. High separation precision, large air-absorption capacity.
2. High processing capacity, unit volume capacity is 2-3 times of conventional ones.
3. The operation cost is low, saving power by 1/3 to 1/2.
4. Reasonable circulation of mineral slurry.
5. Simple operation, high degree of automation.

Company Profile

Henan Ascend Machinery & Equipment Co., Ltd. was established in 2005 and it is located in the high-tech zone of Zhengzhou City, Henan Province. As a technology driven mining equipment company, it is committed to the R&D, production, sales and after-sales service of mining machinery and equipment. The company's main products are crushers, grinding mill equipment, mineral beneficiation equipment, rotary dryer and crusher & grinding mill spare parts. In addition to the Chinese domestic market, Ascend machinery expands its business in more than 160 countries and regions.

Focused on product quality and after-sales service, Ascend has won widespread praise and trust of international customers. We have a professional engineer team responsible for the pre-sales technical consultation, technical solutions in the process of sales, installation, commissioning and after-sales service to ensure that customers can purchase and use equipment with peace of mind.

FAQ

Q1. Are you factory or trading company?

We are factory specialized in manufacturing stone crushers, grinding mills, beneficiation equipments and other mining equipments. Our office and factories are based in Zhengzhou, China. Because we are factory, so we can guarantee the machine quality and we can give you very competitive factory price without extra agent cost.

Q2. To which country your products have been exported before?

In Africa, We have exported to Sudan, Kenya, Zambia, Ethiopia, Zimbabwe, Guinea, Nigeria and so on. We also exported South Africa, Chile, Peru, Ecuador, New Zealand, America, Austrilia more than 160 countries. Our equipment and service have won very high reputation in these countries.

Q3. How will you help the customer install the equipment?

We will send our senior engineer to your place to guide the installation and commissioning.

Q4. How about the wear parts supply?

We offer wear parts to our customer with our most favorable price. If there are problems you could not handle, we will send our technicians to your place.

Q5.What about the payment method?

T/T, Paypal, Western Union, L/C is available

Q6.What about after-sale service?

12 months warranty for all kinds of products; and you will get our 7*24h online service.
