

High Productivity Stone Jaw Rock Crusher Reduces Failure Rate And Core Selling Point

Our Product Introduction

more products please visit us on mining-crushermachine.com

Basic Information

- Place of Origin: China
- Brand Name: Ascend
- Certification: ISO9001
- Model Number: PE250x400 PE400x600 PE500x750
- Minimum Order Quantity: 1 set
- Price: USD2000-9000
- Packaging Details: Wooden box or put in container
- Delivery Time: 10-20 working days
- Payment Terms: T/T, Western Union, MoneyGram, L/C
- Supply Ability: 20 Set per month

Product Specification

- Characteristic 7: Can Crush Materials With Compressive Strength Not Exceeding 320 MPa
- Other Name: Ore Stone Crusher Machine
- Characteristic 3: Simple Structure
- Characteristic 13: Most Jaw Plates Made Of High Manganese Steel
- Characteristic 10: Durable And Reliable
- After Sale Service: 7*24hours
- Product Name: Primary Jaw Crusher PE500x750
PE600x900 80 100tph For Gypsum Quartz Limestone Used In Kenya Congo
- Core Selling Point: High Productivity
- Highlight: **320 MPa Stone Jaw Rock Crusher,**
High Productivity Stone Jaw Rock Crusher

Product Description

Product Description:

One of the key features of the Stone Jaw Rock Crusher is its ability to crush various ores and rock materials. This makes it suitable for a wide range of applications, from mining and construction to road building and agriculture. The machine is designed to be durable and reliable, with a robust construction that can withstand even the toughest materials. This means that it can be used in even the most challenging environments, making it the perfect choice for heavy-duty applications. When it comes to the final product, the Stone Jaw Rock Crusher is designed to produce aggregates. This means that the output from the machine is in the form of small particles that can be used for a variety of purposes, from building materials to landscaping. Overall, the Stone Jaw Rock Crusher is a reliable and durable machine that is perfect for crushing a wide range of materials. Whether you need it for mining or construction, this Granite Crusher Machine is sure to meet your needs and exceed your expectations.

Features:

Product Name: Jaw Stone Crusher Machine

Product Category: Jaw Stone Crusher Machine

Characteristic 3: Simple structure

Characteristic 4: Reliable operation

Characteristic 14: Reduces failure rate

Core Selling Point: High Productivity

Keywords: Mining Jaw Crusher, Primary Jaw Crusher Machine, Portable Stone Crusher

Technical Parameters:

Technical Parameter	Description
Product Name	Heavy Duty Stone Crusher
Model	Mining Jaw Crusher
Application	Can be used to crush various ores and rock materials
Capacity	High capacity
Output Size	Uniform product particle size
Operating Cost	Economical operation cost
Advantages	Preferred equipment for primary crushing, final products are aggregates after Jaw Crusher crushing, high productivity, reduces failure rate, reduces maintenance costs
Type	Portable Stone Crusher
Durability	Durable and reliable

Applications:

The Ascend brand offers a range of jaw stone crusher machines that are perfect for rock crushing machine applications. The product is available in three models: PE250x400, PE400x600, and PE500x750, all of which are certified with ISO9001 and manufactured in China. The minimum order quantity for this product is 1 set, and the price ranges from USD2000-9000, depending on the model chosen. The product is perfect for use in a variety of scenarios, including aggregate jaw crusher applications, where it can be used to crush materials with a compressive strength not exceeding 320 MPa. The primary jaw crusher machine is also ideal for use in quarries and mines, where it can be used to break down large rocks into smaller, more manageable pieces. The Ascend jaw stone crusher machine is known for its uniform product particle size, which makes it perfect for use in construction projects where consistency is key. Additionally, the product is easy to maintain, which reduces maintenance costs and ensures that the machine remains in good working order for longer periods. The product is available in two models: the PE500x750 and the PE600x900, both of which offer a crushing capacity of 80-100tph. These models are perfect for use in Kenya and Congo, where they can be used to crush materials such as gypsum, quartz, and limestone. The Ascend jaw stone crusher machine is available with a range of payment terms, including T/T, Western Union, MoneyGram, and L/C. The product has a supply ability of 20 sets per month, with a delivery time of 10-20 working days. The packaging for this product is a wooden box or a container, depending on the customer's preference.

Support and Services:

The Jaw Stone Crusher Machine product comes with technical support and services to ensure optimal performance and longevity of the equipment. Our technical support team is available to answer any questions and provide guidance on installation, operation, maintenance, and troubleshooting. In addition, we offer regular maintenance and repair services to keep your equipment running smoothly and efficiently. Our expert technicians are trained to diagnose and resolve any issues quickly, minimizing downtime and maximizing productivity. Contact us for more information on our technical support and services.

Packing and Shipping:

Product Packaging:

The jaw stone crusher machine will be securely packed in a wooden crate to prevent any damage during transportation.

All necessary accessories and tools will be included in the packaging.

A user manual will also be provided for smooth operation of the machine.

Shipping:

The jaw stone crusher machine will be shipped via a freight carrier to the customer's designated address.

The shipping will be arranged as soon as the payment is confirmed.

The estimated delivery time will depend on the customer's location and the carrier's schedule.

FAQ:

A: The brand name of this stone crusher machine is Ascend.

Q: What are the available models for this stone crusher machine?

A: The available models for this stone crusher machine are PE250x400, PE400x600, and PE500x750.

Q: Is this stone crusher machine certified?

A: Yes, this stone crusher machine is certified with ISO9001.

Q: What is the place of origin of this stone crusher machine?

A: The place of origin of this stone crusher machine is China.

Q: What are the payment terms for purchasing this stone crusher machine?

A: The payment terms for purchasing this stone crusher machine are T/T, Western Union, MoneyGram, and L/C.

Q: What is the minimum order quantity for this stone crusher machine?

A: The minimum order quantity for this stone crusher machine is 1 set.

Q: What is the price range for this stone crusher machine?

A: The price range for this stone crusher machine is USD2000-9000.

Q: What is the supply ability of this stone crusher machine?

A: The supply ability of this stone crusher machine is 20 sets per month.

Q: What is the delivery time for this stone crusher machine?

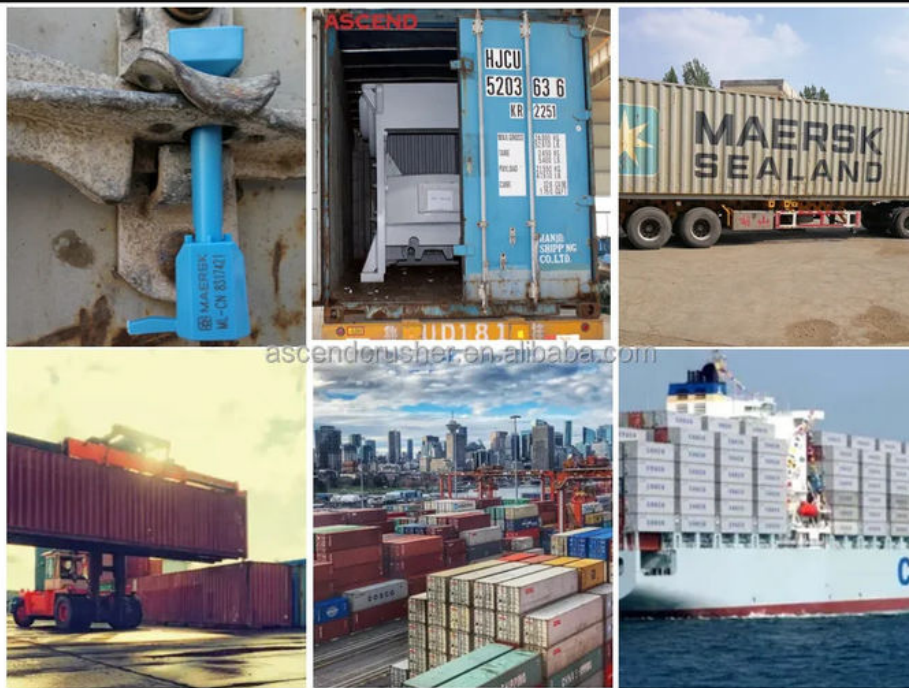

A: The delivery time for this stone crusher machine is 10-20 working days.

Q: What are the packaging details for this stone crusher machine?

A: The packaging details for this stone crusher machine are wooden box or put in container.

Model	Feed opening size(mm)	Max feeding size(mm)	Discharge range(mm)	Capacity(t/h)	Power (kw)	Weight (t)
