

Grinder Crusher Pulverizer for Final Products Gravel Contact Information

Our Product Introduction

more products please visit us on mining-crushermachine.com

Basic Information

- Place of Origin: Zhengzhou, China
- Brand Name: Ascend
- Certification: ISO9001, CE
- Model Number: PC400x300 PC600x400 PC800x600
PC1000x800
- Minimum Order Quantity: 1 set
- Price: negotiable
- Packaging Details: 1. Standard parts packed in the wooden cases. 2. Big parts packed by plastic membrane. 3. The whole machine is loaded in the container.
- Delivery Time: 7-10 working days
- Payment Terms: L/C, T/T, Western Union, MoneyGram
- Supply Ability: 100 sets per month

Product Specification

- Working Principle: The Motor Drives The Rotor To Rotate At A High Speed Through The Belt, And On The Rotor There Are Series Of Hammers. When The Material Get Into The Working Area Of Hammers, The Rotating Hammers With High Rotation Speed Are Crushing The Material, The Crushe
- Grinding Conditions: Can Grind Under Dry And Wet Conditions
- Product Category: Hammer Mill Crusher
- Target Market: Kenya, Zimbabwe, Dr Congo
- Adjustability: Can Adjust The Grate Strip Gap According To User Requirements And Change The Material Particle Size
- Material: Limestone, Coke, Coal, Etc.
- Warranty Period: 1 Year

Product Description

Product Description:

The final products of this Hammer Mill Crusher include gravel, limestone, and coal. It is a reliable and efficient machine that can handle even the toughest materials with ease. Whether you are in the mining industry or the construction industry, this Crushing Mill Pulverizer Machine is the perfect solution for your crushing needs.

If you are interested in the Hammer Mill Crusher, we encourage you to contact us for more information. Our team of experts is available to answer any questions you may have and to help you find the perfect solution for your specific needs. Contact us today to learn more about this versatile and powerful Grinder Crusher Pulverizer.

Features:

Product Name: Hammer Mill Crusher

Product Category: Hammer Mill Crusher

Output Capacity: 3-8tph

Adjustability: Can adjust the grate strip gap according to user requirements and change the material particle size

Advantages: Simple structure, high grinding rate, high production efficiency

Product Use: Suitable for crushing medium-hard materials

Grinding Hammer Mill Crusher, Hammer Grinder Pulverizer, Crushing Hammer Mill Machine

Technical Parameters:

Contact Information	Available
Adjustability	Can adjust the grate strip gap according to user requirements and change the material particle size
Output Capacity	3-8tph
Core Selling Point	Easy To Operate
Target Market	Kenya, Zimbabwe, Dr Congo
Product Name	PC400x300 small capacity 3-8tph output size 0-1mm gravel limestone coal hammer crusher for Kenya Zimbabwe Dr Congo market
Grinding Conditions	Can grind under dry and wet conditions
Warranty Period	1 Year
Final Products	Gravel, limestone, coal
Machines Classification	Stone Crashing Machine

Keywords: Hammer Grinder Pulverizer, Pulverizing Hammer Mill, Grinder Crusher Pulverizer

Applications:

The Ascend Hammer Mill Crusher is a versatile and efficient grinder crusher pulverizer perfect for use in a wide range of industries. With models available including the PC400x300, PC600x400, PC800x600, and PC1000x800, this product is capable of crushing a variety of materials to the desired size for use in different applications.

Certified with ISO9001 and CE, this product is manufactured in Zhengzhou, China, and can be ordered with a minimum quantity of 1 set. The price of the product is negotiable, and payment terms accepted include L/C, T/T, Western Union, and MoneyGram. With a supply ability of 100 sets per month, and a delivery time of 7-10 working days, this product is readily available for purchase.

The Hammer Mill Crusher operates on a simple working principle. The motor rotates the rotor through a belt, and the rotor contains a series of hammers that crush the material once it enters the working area. The crushed product is discharged through the outlet, and the larger materials are brought back to the crushing area for re-crushing until they are the required size. The product is highly adjustable, allowing the grate strip gap to be altered to change the material particle size.

The Hammer Mill Crusher is perfect for applications where grinding under dry and wet conditions are necessary. It is a core selling point for this product that it is easy to operate, making it ideal for use across a wide range of industries and applications.

Some of the product application occasions and scenarios for the Hammer Mill Crusher include:

Grinding and pulverizing materials in the chemical industry

Crushing and reducing the size of agricultural products such as corn, soybeans, and wheat for use in animal feed

Reducing the size of minerals and ores to extract valuable metals and minerals

Processing wood chips and sawdust for use in the paper and pulp industries

Crushing and grinding construction materials such as concrete and asphalt for recycling purposes

Grinding and reducing the size of food products such as spices, sugar, and grains for use in the food industry

The Ascend Hammer Mill Crusher is an efficient and versatile product that is perfect for a wide range of industries and applications. Its ability to adjust the grate strip gap and work under wet and dry conditions make it a valuable asset for any company looking to reduce the size of materials quickly and easily. Order now and experience the benefits of this high-quality grinder crusher pulverizer.

Product Category: Hammer Mill Crusher

Keywords: Crusher Pulverizing Mill, Grinder Crusher Pulverizer, Hammer Grinder Pulverizer

Packaging Details:

Standard parts packed in the wooden cases.

Big parts packed by plastic membrane.

The whole machine is loaded in the container.

Support and Services:

Our Hammer Mill Crusher product comes with comprehensive technical support and services to ensure that our customers get the most out of their equipment. Our experienced team of technicians is available to provide on-site installation, training, and maintenance services. We also offer spare parts and upgrades to keep your Hammer Mill Crusher running smoothly and performing at its best. Our customer support team is always available to answer any questions or concerns you may have about your product.

Packing and Shipping:

Product Packaging:

The Hammer Mill Crusher will be securely packaged with foam and plastic wrap to prevent any damage during transportation.

The package will also include an instruction manual and necessary hardware for installation.

Shipping:

The Hammer Mill Crusher will be shipped via a reliable courier service.

The estimated delivery time will be provided to the customer upon purchase.

The customer will be provided with a tracking number to track the status of their shipment.

Shipping cost may vary depending on the location of the customer.

FAQ:

A: The Brand Name of the Hammer Mill Crusher is Ascend.

Q: What are the Model Numbers of the Hammer Mill Crusher?

A: The Model Numbers of the Hammer Mill Crusher are PC400x300, PC600x400, PC800x600, and PC1000x800.

Q: What is the Certification of the Hammer Mill Crusher?

A: The Hammer Mill Crusher has Certification of ISO9001 and CE.

Q: What is the Place of Origin of the Hammer Mill Crusher?

A: The Hammer Mill Crusher is manufactured in Zhengzhou, China.

Q: What is the Minimum Order Quantity for the Hammer Mill Crusher?

A: The Minimum Order Quantity for the Hammer Mill Crusher is 1 set.

Q: What is the Price of the Hammer Mill Crusher?

A: The Price of the Hammer Mill Crusher is negotiable.

Q: What are the Payment Terms for the Hammer Mill Crusher?

A: The Payment Terms for the Hammer Mill Crusher are L/C, T/T, Western Union, and MoneyGram.

Q: What is the Supply Ability of the Hammer Mill Crusher?

A: The Supply Ability of the Hammer Mill Crusher is 100 sets per month.

Q: What is the Delivery Time for the Hammer Mill Crusher?

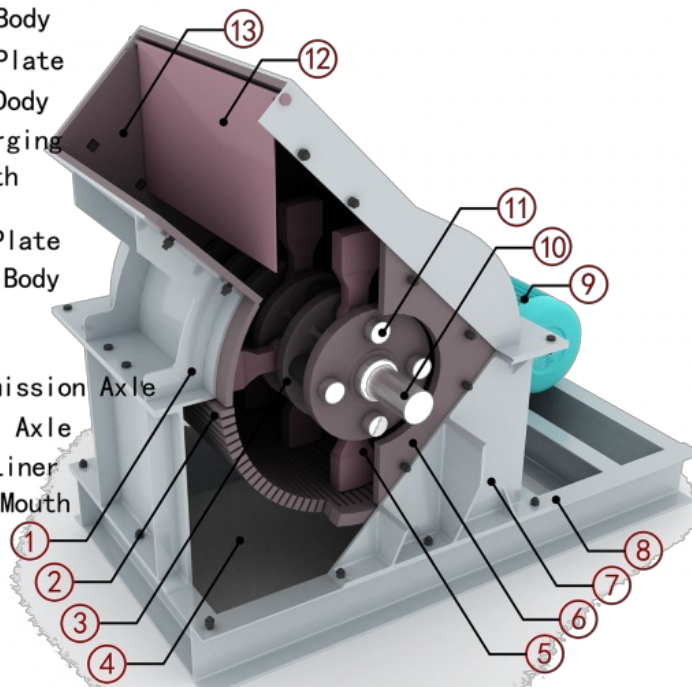

A: The Delivery Time for the Hammer Mill Crusher is 7-10 working days.

Q: What are the Packaging Details of the Hammer Mill Crusher?

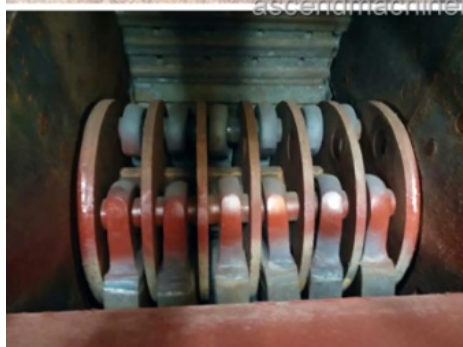

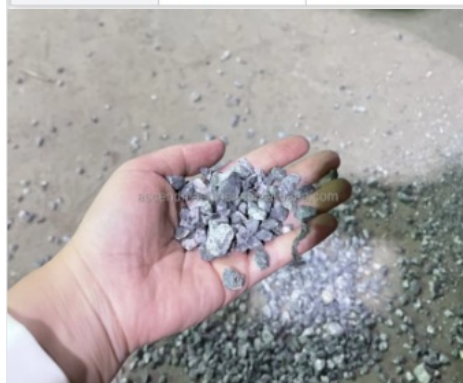

A: The Packaging Details of the Hammer Mill Crusher are as follows: 1. Standard parts packed in the wooden cases. 2. Big parts packed by plastic membrane. 3. The whole machine is loaded in the container.

1. 上机体 Upper Body
2. 篦条板 Grate Plate
3. 锤盘 Middle Dody
4. 出料口 Discharging Mouth
5. 锤头 Hammer
6. 侧衬板 Side Plate
7. 下机体 Lower Body
8. 支座 Stand
9. 电机 Motor
10. 传动轴 Transmission Axle
11. 锤头轴 Hammer Axle
12. 入料口挡板 Liner at Feeding Mouth
13. 衬板 Liner

Model	Input size(mm)	Output size(mm)	Capacity(t/h)	Power(kw)	Weight(kg)
